- Orientation: North-West
- Balconies: 9 (Total 66 sqm)

Located in Dorobanti, one of the most exclusive neighborhoods of the capital and close to Floreasca and Herastrau parks, the building on Gheorghe Moceanu Street no. 10 benefits from an excellent location.

The building, with structure S+P+2+M and 750 sqm built, is currently used for residential use, being divided into two duplex apartments and an apartment for staff. In addition, it has an underground garage, offering extra comfort and safety.

Also, three redevelopment variants were developed: Residential, Offices and Clinic. Regardless of the direction chosen, the building can benefit from optimization by adding an elevator, maximizing usable space, energy efficiency and a complete transformation of the façade, thus bringing an undeniable added value.
